

Identification of policies applicable by domain and registry

This Annex is incorporated by reference into the special conditions for registering, renewing and transferring domain names concluded between OVHcloud and the Client. This Annex and the other provision of these special conditions are complementary.

The following resources are provided for information purposes only in order to assist the Client to identify the relevant Registries and to access to information they make available about, in particular, but not limited to, the terms and conditions applicable to the registration of their domain names. OVHcloud makes no representation or warranty of any kind, whatsoever, for the accuracy, completeness or update of such resources. The Client is solely responsible to ascertain it directly with the Registries.
